WHAT'S WRONG WITH THE TELEPHONE SERVICE

A long-suffering public, especially that part of it which has to depend on the telephone to a great extent in the transaction of daily business, is wondering what is the matter with the service rendered (or not rendered) by the Cumberland Telephone Co., to its local patrons. And the complaint, which seems to be universal, seems well founded.

Many times THE NEWS has put in calls for local service, and could not even get central, much less get the party wanted. Other business men have made the same remark to us. There is something radically wrong. One prominent business man, a man whose word is absolutely unimpeachable, told THE NEWS the other day, that, about 11:30 o'clock, on that certain morning he called central for the purpose of making an important business engagement, and could get no response from the operators. He called repeatedly until nearly twelve o'clock, when the operator finally answered with: "Have you been ringing?" These state of affairs could be cited in a number of instances. What is the matter, Central?

LEFT FOOT CUT OFF

Isaac Morrison, a young white boy, of Cynthiana, suffered the loss of his left foot in the Louisville and Nashville railroad yards at this point, Wednesday night, when the member was run over by a freight train.

Morrison, who is employed by Dr. Appel, veterinary surgeon and horseman, of Cynthiana, was on the train, and alighted when the train reached the junction near the limits of the South Paris yards. In attempting to board the train again as it got under headway, Morrison missed his footing and fell, the wheels of several cars passing over his foot. Railroad officials rushed the boy in an ambulance to the Massie Memorial Hospital, where he was given medical attention. His parents, who reside in Cynthiana, were notified of the accident to their son, and came to his bedside in an auto. He was reported last night as doing very well.

STREET WORK PROCEEDING RAPIDLY

Henry Bickel & Co., contractors, are making fine progress in the reconstruction of High and intersecting streets in this city, between Fourth and Fourteenth. The work is being pushed systematically, and every moment is made to count. The interurban tracks have been relaid as far as Sixth streets, and the remainder of the distance will be graded for the reception of the track by the end of the week or the first of next week. The side streets, with the exception of Eighth, have been regraded, and the concrete base put down, so as to harden as rapidly as possible before the top coating is applied.

When this work is completed Paris will have a system of streets in as fine condition as those of any city its size in the State.

BURLEY MARKETING PLAN IS BOUND TO SUCCEED

No great public movement ever met with so enthusiastic a welcome in Kentucky, and in Bourbon county, especially, as the Sapiro plan of marketing tobacco, known locally as the Co-operative Burley Tobacco Marketing plan. All over the Bluegrass reports are to the effect that it will be easy to sign the required minimum of seventy-five per cent. of the crop. There has been no real opposition; only the chronic waiters and those who want the other fellow to take the lead, object to signing the agreement. The press is a unit in its support of the proposition, the merchants with whom the farmer deals all want to see it a success, and the growers who are the real leaders of thought in their community the pushing the movement with all their might.

The farmer is essentially a business man, and he is a better one than many will credit him with being. He sees a good thing when it is set before him. Many other co-operative movements have been tried in Kentucky, and most of them have failed because they did not after the organization follow the great fundamental principles of business. That is what this plan contemplates; an airtight organization of tobacco growers doing business as a unit, demanding a fair price for the labor of raising and handling tobacco and getting a price for the reason that all the Burley tobacco will be in its own hands. The recalcitrant and week-kneed brother will have a hard time backing out of a 5-year contract, and the old-timer who sticks to the end on every good thing will have protection.

For the remainder of this week the organization committee of the Bourbon County Co-operative Tobacco Marketing Association will make a strong drive to sign up every grower in the county. More than one-half the minimum necessary has already been secured. If you are a grower of tobacco get in with your friends and work for your common interest. Let your motto be "Sign, brothers, sign" and "Stick, brother, stick."

ATTENTION, TOBACCO GROWERS.

ALL WHO ARE DESIROUS OF SIGNING THE CO-OPERATIVE BURLEY TOBACCO MARKETING ASSOCIATION CONTRACT ARE ASKED TO CALL AT THE OFFICE AT THE COURT HOUSE, WHERE THEY WILL BE RECEIVED WITH ALL COURTESY. IT IS IMPOSSIBLE TO SEE EVERYONE IN PERSON. IF YOU ARE INTERESTED IN THE CONTRACT TO THAT EXTENT, CALL AT THE OFFICE AND SIGN UP. (26-tf)

MONTGOMERY COUNTY GROWERS "GO OVER TOP"

Montgomery county has joined the ranks of those counties which have signed seventy-five per cent. or more of their tobacco crop to the marketing plan of the Burley Growers' Co-operative Association. Clark B. Patterson said that the workers in Montgomery would continue their campaign until ninety-five per cent. of the acreage in the county is secured for the association.

"BETTER SCHOOL WEEK" IN BOURBON COUNTY

The "Better School Week" program in Bourbon county started Sunday night at the Methodist church, where Dr. Wm. R. Campbell, president of the Kentucky Wesleyan College, at Winchester, delivered an eloquent address to an audience that filled the auditorium. Rev. C. H. Greer, pastor of the church, presided at the meeting, and a musical program of unusual interest was rendered by the choir.

On Monday night at eight o'clock, the program was continued at the North Middletown Graded School building, where instructive and able addresses were delivered by Rev. T. S. Smylie, pastor of the Paris Presbyterian church, and Prof. Wellington Patrick, of the University of Kentucky. The building was crowded to the capacity with an audience interested in the work and progress of education.

Tuesday night, at the Clintonville school house, addresses in the interest of better schools and school work were delivered by Rev. Frank M. Tindler, pastor of the North Middletown Christian church, and Dr. T. B. McCartney, of Transylvania College. Mr. Ernest Darnaby, member of the Bourbon County Board of Education, presided. As at the other meetings, this was well-attended and great interest manifested.

One of the banner meetings of the series, was that held at Millersburg, Wednesday, when the principal speakers were Dr. C. C. Fisher, president of the Millersburg College, and Dr. George Ragland, of Lexington. Prof. J. Wilbur Lancaster, superintendent of the Millersburg Graded Schools, presided. A large audience was present.

Last night the educational meeting in the interest of better schools was held at Center-Hill Consolidated School building, near Centerville. Miss Susie Clay, teacher in the county schools, presided. The principal addresses were delivered by Rev. W. S. Cain, rector of St. Peter's Episcopal church, of Paris, and Dr. John L. Hill, of Georgetown College. This meeting was also an enthusiastic one, the addresses of the speakers being listened to with the closest attention.

Friday, September 9th, educational meeting at Hutchison Methodist church, Stop 37, Mrs. Robt. Bell presiding. Prof. J. Virgil Chapman will be the speaker.

Saturday, September 10th, educational meeting at Little Rock, Prof. B. M. Roberts presiding. Rev. Russell and Prof. Wellington Patrick, of State University, will be the speakers.

Bourbon county is well organized, and prospects are good for large audiences to hear the splendid speakers at every meeting. Each educational division in the county will send delegations of interested citizens to each meeting. The State Educational program will be intelligently presented to the entire county. The Paris papers and the Paris departments of the Lexington papers have been liberal in giving publicity to the State program and to the county meetings.

Mrs. Robert Bell, County Attendance Officer, calls attention of parents to the fact that a recent decision of the United States Supreme Court was to the effect that the attendance law requiring all children between the ages of seven and sixteen to attend school five days during the week, has been upheld, and states that no working permits will be granted this year and no exceptions recognized.

Her right arm was broken, left shoulder dislocated, and she received severe bruises about the face and head. Mrs. Brock was given medical attention and made as comfortable as possible.

NEW DIRECTORY ISSUED

THE BOURBON NEWS Job Rooms has just completed and delivered to the Carlisle Home Telephone Co., the new directory for that city, comprising forty-two pages. The job was executed in record time and is, as a matter of course, an excellent piece of typographical and mechanical work. The directory was distributed to patrons of the Nicholas county exchanges this week.

Y. M. C. A. NOTES

The championship swimming meet held at the "Y" Monday night was a great success, and was witnessed by a large crowd of spectators. This event will be held annually hereafter and will increase interest in swimming.

Twenty-one of the best swimmers in the county were participants. Medals were awarded the winner in each division.

Several good records were set in the races, and several new aquatic marvels were discovered who will be strong runners for honors next year.

The final results are as follows: Girls 15 and over, Virginia Cahal, 13 points, Edna Rose, 11 points. Silver medal, Virginia Cahal.

Boys 10 to 12, Wm. O'Neill, 15 points, Thos. Hubbard, 7 points, Sim Levy, 5 points, A. J. Hornback, 4 points. Wm. O'Neill, silver medal.

Boys 14 to 16, Harry Tucker, 25 points, Chas. Cahal, 8 points, Blanton Collier, 5 points, Robt. McCarty, 4 points, Ray Cahal, 3 points. Harry Tucker, silver medal.

Boys 17 and 18, Robt. Meglone, 20 points, Albert Wright, 19 points, J. T. Knox, 6 points. Meglone, silver medal.

The fall program at the Y. M. C. A. promises to be the fullest in the history of the organization. With the opening of school the boys' gymnasium classes begin. High School football practice began Tuesday with physical director Sheffield as coach for the third year. The men's gymnasium classes will begin Monday, September 19. The Boy Scouts will meet Friday, September 9. Early in October it is planned to have on Opera House night with a concert by the Boys' Band, volleyball, gymnastics and gymnasium games.

Mrs. Carl Crawford has returned from Graham Springs and assumed active charge of the dining room.

WARREN STILL GRUMPY

Editor Warren E. Fisher, of the Carlisle Mercury, hasn't fully recovered from the effects of several automobile rides over Paris streets. In the last issue of The Mercury, he writes:

"If the promoters of the Blue Grass Fair had only persuaded the Paris City Council to install an automobile ferry to float the cars from this section through the streets of that thriving village, no telling how many attendance records would have been broken at Lexington."

CLEAN-UP SQUAD TO REMAIN LONGER

Owing to the numerous claimants appearing before the "Clean-up" squad, second floor Bassett building, Lexington, arrangements have been made to hold the squad over at Lexington for an additional week. All ex-service men who feel that they have claims against the government from Anderson, Harrison, Fayette, Clark, Madison, Montgomery, Jessamine, Franklin, Nicholas, Scott, Bourbon and Woodford counties, who have not appeared before the squad should report to Lexington some time between now and the evening of the 16th. The squad is now handling many claims daily and if you have a claim or know some one that does, he should be informed so that he may report to the squad before Friday evening, September 16, bringing discharge and all correspondence relative to claim.

IN THE COUNTY COURT

In the County Court, Tuesday, when the cases of L. T. Leach and Herbert King, charged with having liquor in their possession for purposes of sale, were called by Judge George Batterson for a hearing, it developed that the three prosecuting witnesses had left Paris. The cases were continued until next Tuesday, September 13. In the meantime the authorities are endeavoring to locate the missing witnesses.

Rene Clark entered a plea of guilty to a warrant charging him with unlawfully seining and was given a fine of \$23.50. Morris Shanks, charged with hunting out of season, also entered a plea of guilty, and was fined \$23.50. Will Daniels, Jesse Ham and Newt. Rankins, charged with unlawful seining, entered pleas of not guilty, and following hearing of the evidence, were dismissed. The arrests were made at the instance of Game Warden Bullock and officials of the Bourbon County Game and Fish Club.

Attorney Wade H. Whitley was presented before the Court on a charge of violation of the game laws by killing more than the prescribed number of doves in one day. Mr. Whitley introduced no witnesses and the case went to trial before a jury which returned a verdict of "not guilty." Mr. Whitley was dismissed. Joseph A. Arnold, charged with unlawful seining, entered a plea of guilty, and was fined \$23.50. Isaac Ishmael, charged with hunting without a license, was dismissed, following hearing of the evidence.

SACRAMENTAL WINES

The internal revenue bureau sends
out word that the rules concerning
distribution of wines for sacramental
purposes have been completed and
that under the new order of things
the churches will be granted regular
channels of supply for standard sacra-
mental wines.
It is to be hoped that this will be
the case. By all means the matter
should be settled once and for all.
It is to be hoped that the churches
will be protected in their wine sup-
ply, and that it will not be necessary
ever to change the new regulations.
We have had enough confusion and
uncertainty over what should have
been a very easy question to settle.

EDITORIAL FLINGS OF THIS THAT EN TOTTER

Mary had a pair of hose
Which were as white as snow
And when she got into her car—
(Finish it yourself)

Home-brew and moonshine may be
bad for the health, but, on the other
hand, search without warrant does
not agree with the constitution.

Is a man as old as he feels when
he has missed the bootlegger or as
old as he feels when the bootlegger
has kept his engagement and deliv-
ered the goods?

No man in our day has done a
greater thing for Kentucky than
Judge Robert Worth Bingham if he
puts over the co-operative market-
ing of Burley tobacco, which now
seems assured.

Smoking makes women grow hair
on the face, is the assertion made by
a prominent physician. If that fel-
low had been smart at all he could
have accomplished a real good by
growing it on the tongue instead.

With Henry Ford turning out a car
every seven minutes, what this
world needs more than being made
safe for democracy is to be made
safe for men, women and children
who are compelled to cross the streets
occasionally.

Mr. Editor: Hold the press! I've
got a new one! The other night I
sat behind a spooning pair at the
Grand, a very amorous pair of young
people, and they were arguing about
which was the worst. Do I make all
editions with this?

Every citizen who fails to help his
town when he has a chance, not only
hurts his town, but hurts himself as
well. The public discriminates be-
tween the public-spirited and the sel-
fish citizen. Not only boost for Paris
but work for Paris—a good old town
to live in!

You may not like short skirts and
all that, but it is true that the Paris
girls are beautifully dressed these
days. What could be prettier than
a modest-hued sweater, white skirts
and a becoming hat, with, of course,
a pretty face and figure with it?
Oh, boy!

In a recently-published novel the
girl struck by an automobile re-
covered and married the young man
who chased and caught the driver
of the automobile which struck her.
Real life is not so romantic, though.
Its heroes and heroines are not mat-
rimonially bent invariably.

The advent of the automobile
seems to be making morality as thin
as the atmosphere on top of Pike's
Peak. The buzz wagon has also
made credit a thing of memory. In
other words the auto craze may
eventually bankrupt the nation.

Prominent physicians of Louisville
propose to have a bill introduced at
the next session of the State Legis-
lature which will require all parties
to undergo a physical examination
before marriage. Is this a bill for
the benefit of physicians or those
who are going to get married?

The recent world war seems to have
thrown the world out of plumb.
This has thrown millions of people
out of work who are really in need
of food. It seems that there are some
loafers in Paris who are not concern-
ed much as to whether or not the old
earth ever swings into position
again.

INFLATED AUTO TUBES SAVE THREE LIVES

Inflated automobile inner tubes
dropped from a low-flying airplane
saved the lives of three young wo-
men who were struggling in the
heaviest summer surf on record at
Hampton Beach, N. H., Saturday.
Miss Marcella Moxey, of North And-
over, Mass., was drowned.

A number of bathers were caught
well off and unable to swim back.
Life guards were beaten back in
their first efforts to rescue them and
Miss Moxley sank. Aviator J. R.
Blake, of Wellesley, Mass., who was
making a flight near the beach, saw
the predicament of the bathers and
brought his plane down close to the
water. He and his mechanic, Clif-
ton Kemp, of Concord, managed to
drop the tubes close to the three
girls. They clung to the tubes until
life guards were able to reach them,
but were unconscious when brought
ashore. They were soon revived.

FRANKLIN ANNOUNCES NEW PRICES

In an announcement made to its
dealers, the Franklin Automobile
Company puts into effect immedi-
ately prices on its products ranging
from \$2,350 for the touring car
model to \$3,350 for the Sedan, with
proportional adjustments on the five
other types.

Production at the Franklin plant
has been at normal capacity for
months. This maintenance of vol-
ume manufacture, and reductions in
cost of material and labor, makes
possible the present price scale.

COUNTY CROPS ARE AIDED BY SHOWERS

Crop conditions in Bourbon county
have shown marked improvement the
past week as a result of showers that
have fallen recently. The week has
been decidedly favorable to the
growth of crops, the temperature
averaging nearly normal, with suffi-
cient sunshine to make vegetation
grow.

Plowing for fall grains has made
good progress, with the soils work-
ing unusually well. Late corn is
shown to have developed rapidly hav-
ing generally passed the silking stage.
Early corn has matured and is begin-
ning to dry up. There has been a
marked improvement in alfalfa and
second growth clover, and some
young clover that has survived the
drouth has begun to grow. In some
fields where the soil was thin, the
clover is thin and spotted.

Late potatoes have made good pro-
gress. The tobacco is also doing
well, but is being topped unusually
late, and will require a late fall to
ripen properly. Pastures continue
excellent and late gardens are in
good condition, with vegetables
plenty. A fair crop of cowpea hay
has been harvested, and the outlook
is favorable for plenty of feed for
man and beast the coming fall and
winter.

BELGIUM POINTS THE WAY

Belgium has settled down to work
and seems to be getting along all
right. No whines or complaints, no
appeals for help, are coming from
that quarter these days.

And therein Belgium is setting

tion, which did not suffer from the
war nearly as much as she did, a
very fine example.

KENTUCKY RANKS HIGH IN WOOL PRODUCTION

Kentucky led all the Southern States in the production of wool in 1919, according to figures given out by the Census Bureau as part of the 1920 census. While there was a general decrease both in the number of sheep and in the amount of wool produced in the country as a whole, and but 13 States showed an increased wool clip, Kentucky showed a very slight decrease, having 707,845 sheep in 1919, compared with 778,154 in 1909.

Kentucky produced 3,011,263 pounds of wool in 1919, compared with 3,448,848 pounds in 1909.

Now is the time for all good men to hope that the disarmament conference doesn't wind up in a fight.

She greeted her guests

PARIS MISSIONARIES EN ROUTE TO CHINA.

More than 100 missionaries, sent out by the Southern Baptist Missionary Board, embarked from Seattle, Wash., for the Orient, Saturday, August 27, as passengers of the Admiral Line, which operates a fleet of Shipping Board vessels in Trans-Pacific service. The party, constituted, it is said, the largest group of religious workers ever sent abroad from America in a body, included Mr. and Mrs. U. W. Leavell, of Paris, who have been assigned to the mission station at Wuchow, South China.

Ten States were represented—Virginia, Ohio, Kentucky, North and South Carolina, Georgia, Tennessee, Alabama, Mississippi and Louisiana. The missionaries are to be widely scattered through China and Japan. Only eleven of them are veterans of the foreign mission field. The others are to have their first experience among alien peoples.

On their arrival at Seattle, two days before the sailing date, the missionaries were greeted by committees representing the Y. W. C. A. and the China Club, headed by Mrs. J. P. Weyerhaeuser, wife of the immensely wealthy lumberman of Tacoma. Friday they were guests at a large reception, meeting the Chinese and Japanese consuls who vided the passports of the travelers during the afternoon.

MUST BUILD PAVEMENTS

Notices to citizens of Paris have been issued by City Clerk J. W. Hayden to the effect that the city will strictly enforce the ordinance requiring cement or concrete pavements of certain specifications to be constructed by property-owners on Pleasant streets and other streets in the newer sections of the city. If they are not built immediately the city will take the matter in hand and build them, charging the cost to the owners of the abutting property.

In some sections of the city along the outskirts residents have been asking for city delivery of mail. Postmaster J. Walter Payne has had to explain that Section 606 of the United States Official Postal Service Guide states that city delivery of mail may not be extended by postmasters unless the territory is provided with good, continuous sidewalks, street lights and street signs, and when the houses are numbered and provided with mail receptacles or slots in the doors for the reception of mail.

And it makes some of us feel good to hear the profiteers of last year talking about dull times now.

JUDGE BINGHAM PRAISES LATE JNO. T. COLLINS

In the course of an address delivered Saturday at a meeting of the tobacco growers of Garrard county, held at Lancaster, Judge Robert Bingham, of Louisville, paid an eloquent tribute to the memory of the late John T. Collins, of Paris, declaring that "he was one of the very best and most useful men in Kentucky, one whose good works will live as a testimonial of the faithfulness, the fidelity and the high character of the man." He told of Mr. Collins telling his son, Capt. Wm. Collins in his last hours to "help see this tobacco movement through." Judge Bingham told the Garrard growers to pattern after Bourbon county in the matter of "drives," saying "Bourbon county always goes over the top in any movement they undertake there."

DOLLAR DAYS

There are all kinds of people in the world. For instance, word comes from Washington that some of the retail merchants have been trying to induce the government to put a stop to "bargain days."

And the government, through Secretary Hoover, has replied that this is a matter with which it has nothing to do. This was the proper view to take, of course.

Think of taking "dollar days" away from the people! Do they want to start a revolution among the women?

Another disadvantage about being a baby in a small town is that all the neighbors feel that they have a right to kiss you.

NOTICE TO PROPERTY OWNERS FROM BOARD OF HEALTH

This is to notify owners whose property abuts on a sanitary sewer, that in compliance with a City Ordinance, attachment must be made without further delay.

It is especially important at this time that no owner on High Street shall overlook this notice.

Do not wait until the completion of the new street and then be put to a far greater expense.

Remember the City Ordinance covers all streets where the sewer abuts property.

WEIGHING A PIG

"There's an easy way to weigh a pig without scales," said an Irishman. "You get a plank and put it across a stool. Then you get a big stone. Put the pig on one end of the plank and the stone on the other end, and then shift the plank until they balance. Then you guess the weight of the stone and you have the weight of the pig."

A good many men use about the same system in their business affairs, content themselves with guessing about everything, and their guesses are usually wrong, and then they wonder why they never succeed.

AN UNUSUAL AMERICAN

Japan has decorated an American with the order of merit of the fourth class. We have forgotten his name, but it doesn't matter. The point is that there is one American who admits that he belongs in the fourth class.

The average American, if offered a decoration by Japan, would have insisted upon one of the first class, and it he couldn't have had that he wouldn't have taken any.

CONFEDERATE HOME INMATES TRIED ON COMPLAINT

Cases of A. N. White, P. O'Bannon and James McDonald, the latter of Paris, inmates of the Confederate Home, at Pewee Valley, who were called before the board to show reason why they should not be expelled from the Home as punishment for charges they are said to have made against Colonel C. L. Daugherty, were investigated by State Inspector and Examiner Henry E. James, who declared they were without foundation.

The continuance was granted on motion of attorneys for the veterans. Counsel for the commandant made a condition of the continuance that the accused men should agree to abide by the rules of the Home while waiting for trial. The defendants agreed to do this.

CONFEDERATE HOME TRUSTEES

Frank C. Taylor, son of Col. Horace M. Taylor, of Carlisle, Capt. John E. Abram, of Louisville, and Ira M. Poole, of Princeton, have been named by Gov. Edwin Morrow as Trustees of the Confederate Home at Pewee Valley.

The theme will continue the series. The theme will continue the series on this subject. Health was the thought for last Sunday night, and the argument was that it is better to be healthy than to be wealthy. Another phase of life which is better than a million will be discussed Sunday night. NOTES OF THE LODGES

The Knights of Columbus announced recently that the organization would make an annual award for the patriots similar to the Nobel prizes in science and humanities.

It will be bestowed upon a person in the United States, not necessarily a citizen, who in the judgment of the committee "shall have done the deed or spoken or written the word that will stand out as the greatest contribution of the year to the promotion of the American spirit of patriotism." The nature of the award is to be announced later.

President Warren G. Harding was recently made a member of the Eagles. After taking the obligation he was presented with a gold membership card to the Marion Aero by John A. Abel, of Marion, a friend and neighbor. Among those taking part in the ceremonies were Representative Elbert D. Weed, of Wisconsin, Grand Worthy Master of the Eagles, and Representative John M. Morin, of Pittsburg, Grand Worthy Vice-President of the order.

RESOLUTIONS OF RESPECT TO MEMORY OF JNO. T. COLLINS

At a meeting of the Board of Directors of the Bourbon-Agricultural Bank & Trust Co., the following resolutions were adopted:

Resolved, That in the death of our president, John T. Collins, on Aug. 25, 1921, we suffered an immeasurable loss that is most keenly felt by all in any way connected with this Board.

We shall record these resolutions in our minutes as a testimonial of his sterling worth to this institution, to which he devoted his untiring energy, with utmost loyalty and self-sacrifice, amid the many duties of a most active life.

We shall miss him from our councils, but shall ever be mindful of his splendid leadership and clear judgment, his kindly manner and strict integrity, and all those traits that make the rare combination of the successful public man and the true Christian gentleman.

We join with the whole community in sorrow for the untimely end of such a useful and prominent citizen. We make grateful acknowledgment of his helpfulness in bringing success to this institution and maintaining it in the confidence of the public.

We extend our sincere sympathy to his family, whose happiness was his first thought, and who shall so sorely feel the last touch of his genial life and thoughtful care.

We commend to them that consolation that must come with the memory of his honorable and useful life that shall continue forever in the presence of the God whom he honored.

Respectfully submitted,
JAS. L. DODGE,
JAS. M. CALDWELL,
W. O. HINTON,
—Committee.

TENT MEETING CLOSES

The series of evangelistic meetings which have been in progress under a tent on the old Bourbon College grounds, on Cypress street, in this city, will come to a close on next Sunday night, September 11, with services beginning at 7:30 o'clock. The big tent will be taken to Oakland Mills, in Nicholas county, where Evangelists Gebhardt, Wade and Hundley will open a series of meetings.

The meeting at Paris has resulted in about fifty conversions and more under conviction. The evangelists desire through the medium of the Paris papers to extend their thanks to the citizens of Paris for the presentation of the large tent, 60x60, which they are using in their meetings, and promise to return to Paris for another meeting in the Spring.

An all-day meeting will be held Sunday, with preaching, prayers, singing and testimonials. On this day the collections should be large, as the expense of moving to another location will be very heavy.

THREE DESTRUCTIVE FIRES AT HARRODSBURG

Harrodsburg has been visited in past few days with three destructive fires. A few days ago a fire destroyed the Davenport Battery Co.'s business house in that city, entailing a loss of \$35,000. Later the home of J. M. Mathews was burned, with a loss of \$1,500. Following these fires a large tobacco barn belonging to G. M. Carr, on the edge of the city, was totally destroyed by fire, together with a new motor truck, Maxwell car, seven tons of hay, farm implements, and about \$500 worth of tobacco sticks. The loss was estimated at \$10,000, partly covered by insurance.

CLOTHING STORE ROBBED

The sixth burglary of a Paris business house to occur within a few weeks was pulled off Tuesday morning when burglars visited the clothing store of R. P. Walsh, at Main and Seventh streets. The intruders effected an entrance by breaking the glass in a rear window, and breaking the window catch.

The burglars secured a small sum of money, about \$8.50 in change, which had been left in the cash register, but so far as known, did not take anything else. The police were notified. The burglary is believed to be the work of amateurs who have been working Paris stores and residences.

SCALDS RESULT FATAL

Mrs. Frank P. Kiser received a message telling of the death of her nephew, C. C. Strong, Jr., at Richmond, Va. January, is preparing to receive the motorcade of Dixie Highway Boosters, which will pass through Paris at 7:45 o'clock this morning. Over 200 machines will be in the party, according to reports received yesterday, representing all States through which the highway passes from Ohio to Florida. The party will be met by a delegation of local men outside the city, and escorted into and through the city. A number of Paris men will accompany the party to the convention, which will be held at Cincinnati, Friday and Saturday.

Baron a True Diplomat.

From London comes a story of Baron Hayashi, which, if not true, deserves to be true. And if it is true, he is a diplomat to his finger tips. At dinner recently he sat next to a lady who talked to him for an hour. When the coffee hove in sight, said the lady, "You must think I am very fond of the sound of my own voice." Said the baron: "I knew you liked music."—Japan Advertiser.

COMPULSORY BLOOD TEST IS FAVORED.

A number of Louisville physicians and others from other points in Kentucky will attempt to have the legislature, which convenes in January, enact a law making it compulsory upon applicants for marriage licenses to undergo a physical examination. Many doctors believe that such a law if rigidly and properly enforced, would be of tremendous value to future generations.

Dr. Ellis Owen, city health officer of Louisville, said that he was an enthusiastic believer in a law to make marriage applicants submit to physical examinations.

"Such a law, like all others," he said, "would not be without its dangers. The first essential would be to have the proper physicians serving upon the examining commissions in the various counties. Some doctors are radicals along certain lines, and it would be unwise to have any of that kind assigned to such work. The physical examination necessary would be extremely simple in character, and would involve no embarrassment to those examined, of either sex. It is merely a blood test. With broad-minded physicians, not quacks, selected for this work, and with the law enforced to the letter, I am sure the benefits would be incalculable."

Dueling was authorized among Germanic peoples as early as the year 501.

CLEAN-UP SQUAD TO AID SERVICE MEN.

When the Sweet bill passed combining the Bureau of War Risk Insurance, U. S. Public Health Service and Federal Board for Vocational Training under one head, which is now known as the Veterans' Bureau, Col. J. C. Forbes, director, said: "Take the Bureau to the service men, don't make him come to the Bureau." Immediately Capt. Wm. Coffin, manager of District No. 7, comprising Ohio, Kentucky and Indiana, organized three clean-up squads for these States.

The Kentucky squad will be located on the second floor of the Basset Building, corner Main and Mill streets, in Lexington, from September 1 to 10, for the purpose of considering claims from the counties of Bourbon, Fayette, Clark, Scott, Harrison, Nicholas, Madison, Jessamine, Woodford, Anderson, Montgomery and Franklin. Tuesday, September 6, will be Bourbon county day. The squad comprises two medical examiners, a compensation and claims adjuster, a representative of the Vocational Training Board, a State representative of the American Legion and the State Red Cross society.

The purpose of the squad is to advise and adjust all service men's claims against the government, including compensation, medical aid, back pay, Liberty Bonds, vocational training, etc. Every ex-service man in this county who wishes to file a claim or has a claim pending should communicate with the squad during this period. Possible claimants should communicate with the nearest Red Cross Chapter for detailed information. It is necessary that each claimant bring with him his discharge papers and all correspondence pertaining to such claim.

SITE BOUGHT FOR NEW THEOLOGICAL SCHOOL

"The Beeches," a forty-acre tract on Cherokee Drive, near the city limits of Louisville, which will be the site of the new Southern Baptist Theological Seminary, was formally transferred to the seminary by Leonard A. Hewitt, executor for the estate of Rudolph Fink.

The price was \$60,000. Plans for construction of the seminary will be hastened, according to Rev. E. Y. Mullins, president of the seminary, although the exact date of commencing construction of the buildings has not been determined. It is believed that the work will begin within a year.

REAL HEROISM

Dr. J. L. Hartwell, of Philadelphia, cut his own hand while operating for appendicitis.

He could have suspended the operation and saved himself, but that would have increased the danger to the patient.

He kept right on with his work, and a week later he died of blood poisoning.

The medical profession has to its honor a long list of such sacrifices to duty.

How Bad Backs Have Been Made
Strong—Kidney Pills Corrected

All over Paris you hear it. Doan's Kidney Pills are keeping up the good work. Paris people are telling about it—telling of bad backs made sound again. You can believe the testimony of your own townspeople. They tell it for the benefit of you who are suffering. If your back aches, if you feel lame, sore and miserable, if the kidneys act too frequently, or passages are painful, scanty and off color, use Doan's Kidney Pills, the remedy that has helped so many of your friends and neighbors. Follow this Paris citizen's advice and give Doan's a chance to do the same for you.

Thomas A'Hern, proprietor restaurant, 927 Pleasant street, says: "Doan's Kidney Pills are all right and I can recommend them highly. I used Doan's sometime ago when my kidneys were out of order and my back ached a lot just over my kidneys. I would have dizzy spells and felt sleepy. I lacked ambition to do my work, too. As soon as I began using Doan's Kidney Pills, which I got at Oberdorfer's Drug Store, I got relief and three boxes cured me."

Price, 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. A'Hern had. Foster-Milburn Co., Buffalo, N. Y. (adv)

WOMEN MAY BE MADE "DRY" LAW OFFICERS

More bad news for the bootlegger: He must be on the lookout for the feminine "dry" officer from now on. Roy A. Haynes, Federal Prohibition Commissioner, has announced that hereafter applications of women for places in the prohibition enforcement service will be given equal consideration with those of men.

The advisability of appointing them as prohibition officers will be left entirely to the discretion of the State Directors, who make all appointments under them subject to the approval of the Federal Commissioner.

NEEDED QUALIFICATIONS

Candidates for appointment to the New Jersey State police are asked whether they are willing to face death in the discharge of their duty and whether they can restrain their tempers when they are insulted.

One quality greatly needed in the men is courage; the other is self-government.

It would be difficult to say which is the more important in a person clothed with official authority.

For Flies.

For the woman who lives in the country and is unable to get fly paper when her supply runs out, this hint will be useful. Mix half teaspoonful of black pepper, one teaspoonful brown sugar, one teaspoonful of milk, place on plate, and the flies will soon disappear.

Lowest Prices Ever Quoted

on Titan and International Tractors

The Harvester Company has made another big price cut on Titan and International Tractors. This reduction wipes out all former advances and puts these tractors at the lowest prices at which they have ever been sold. We are offering:

International 8-16, \$900

This price is about one-fourth less than that of March 1, 1921. The new price includes all necessary equipment—platform, fenders, governor, belt pulley—which cost extra on some tractors.

Titan 10-20, \$900

This is the lowest price ever quoted on the Titan, considering equipment included (formerly sold extra). At this price the Titan 3-plow tractor is the best value in the farm power field.

International 15-30, \$1,750

This also is lower than any former price. You cannot find a better 4-plow tractor for the money.

All prices are f. o. b. Chicago. The Harvester Company advises us these prices are made regardless of manufacturing costs and that they do not guarantee to maintain them. These prices certainly justify the immediate purchase of a tractor.

We can arrange suitable terms for you. Come in and see us.

The Folly of Cheating Nature

Many people get the idea that they can keep their nerves on edge and their digestion upset year after year, and "get away with it." They sleep only half as much as they should—and never get properly and thoroughly rested.

If you tire out easily, if you are getting pale and anemic, if your food doesn't digest as it should, would it not be well to stop and consider whether coffee or tea is having its effect on you?

The caffeine and their found in coffee and tea are drugs, as any doctor can tell you. Is it any wonder that the steady use of these drugs sometimes causes serious damage?

If you really want to be fair with yourself, and

give yourself the opportunity you deserve in order to do your best work, make up your mind to quit coffee and tea for awhile—and drink delicious, appetizing Postum instead.

Postum permits sound, refreshing sleep which builds strength, energy and endurance.

Order Postum from your Grocer today. Drink this hot, refreshing beverage in place of tea or coffee for 10 days and see what a wonderful difference it will make in the way you feel.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

"There's a Reason"

WOMEN WHO CANNOT WORK

Read Mrs. Corley's Letter and Benefit by Her Experience

Edmund, S.C.—"I was run down with nervousness and female trouble and suffered every month. I was not able to do any work and tried a lot of medicine, but got no relief. I saw your medicine advertised in a little book that was thrown in my door, and I had not taken two bottles of Lydia E. Pinkham's Vegetable Compound before I could see it was helping me. I am keeping house now and am able to do all of my work. I cannot say enough for your medicine. It has done more for me than any doctor. I have not paper enough to tell you how much it has done for me and for my friends. You may print this letter if you wish."—ELIZABETH C. CORLEY, care of A. P. Corley, Edmund, S.C.

Ability to stand the strain of work is the privilege of the strong and healthy, but how our hearts ache for the weak and sickly women struggling with their daily rounds of household duties, with backaches, headaches, nervousness and almost every movement brings a new pain. Why will not the mass of letters from women all over this country, which we have been publishing, convince such women that Lydia E. Pinkham's Vegetable Compound will help them just as surely as it did Mrs. Corley?

KENTUCKY ALUMNI ASSOCIATION HAD SPLENDID BANQUET

The Kentucky Alumni Association of the Palmer School of Chiropractic gave a banquet at the Lend-a-Hand Club, in Davenport, Iowa, during the meeting of the National Association of Chiropractors, which was attended by a large number of distinguished and enthusiastic Kentuckians.

The banquet hall was beautifully decorated with Kentucky colors and flowers. The exercises of the evening were opened by prayer by Dr. May, Detroit, Mich. President J. A. Tobin, toastmaster, delivered an interesting welcome address, which was followed by a number of other eloquent talks. Among the most prominent speakers were Attorney Griffith Jones, U. C. A. Council, California; Miss Rhinehardt, Philadelphia, Miss Little, secretary of American Medical Liberty Association; Miss Grace White, Chicago Artist; Dr. Marshall, Lexington, Ky.; Dr. Mohney, Paris, Ky.; Dr. Riggs, Winchester, Ky.; Theo. Visiting guests were Mr. and Mrs. T. S. Mory, London, Ky.; Mrs. May C. Lewis, London, Ky.; Miss Neville, Mrs. E. R. Westerfelt, Pahucan, Ky.; Miss Wells, of Lincoln Memorial University, Harrogate, Tenn. There are also about 20 members of the local Alumni present.

AMERICAN LEGION CLOSES SESSIONS AT LEXINGTON

Glasgow was chosen as the 1922 meeting place for the Kentucky Department of the American Legion, at the State Convention held in Lexington last week. The convention committee reported unanimously in favor of that city and although Ashland asked for the meeting the delegates present selected Glasgow unanimously.

The convention unanimously adopted a long list of resolutions, most of which were presented by H. J. Stites, of Louisville.

Among the resolutions adopted was one "welcoming" the attack of the Socialistic party on the Legion made in a statement given out in Chicago, Thursday. A resolution opposing the pardoning of Eugene V. Debs and another condemning the pardoning of criminals in Kentucky also were passed.

The United States Chamber of Commerce was condemned in one resolution for fighting the American Legion's adjusted compensation bill.

More than one thousand veterans of the world war, the Civil war, Spanish-American war and other former service men in military operations and demonstrations of the United States did "column right" in Lexington, Friday, in a syle that characterized their marching when under arms and orders of the United States government. It was the third annual parade of the Kentucky department of the American Legion.

KENTUCKY WOMEN FURNISH AN OBJECT LESSON

The New York Morning Herald had the following observation on the editorial page:

"The attention of our only woman member of Congress, who strangely enough is an anti-feminist, is invited to a recent episode in the Cumberland Mountains. It might have been staged by a motion picture director, but it was not. It was 'regular.' Moonshining is a fixed habit with many mountaineers, and male officials have failed to prevent illicit distillation and the criminal distribution of whiskey. The women took a hand. They announced that the law must be respected, and the answer was a posted warning that 'every woman will hear the crack of a rifle.' This might have influenced men enforcement agents, but it had no effect whatever on the 'female of the species.' They went out after the law breakers—and they got a few. Six stills were located, captured and destroyed in a single day, which is doing pretty well for the sex that is held in such light esteem by Miss Robertson.

"However, it may be that their conduct in a way justifies the objection that a woman sit in the disarmament conference. A lady delegate might create friction by installing that armament is necessary to protect countries against international criminals, just as armament is necessary in the Cumberland Mountains to protect society against criminal bootleggers.

"Viewed in any light, the episode is worthy of serious thought. It may lead to a movement to 'feminize' the Enforcement Bureau and appoint agents regardless of sex. We are of the opinion that a few wise women could accomplish much in New York City."

ASPIRIN

Name "Bayer" on Genuine

"Beware! Unless you see the name 'Bayer' on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions.

Take no chances with substitutes. If you see the Bayer Cross on tablets you can take them without fear for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain.

Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monocaceticester of Salicylicacid. (adv)

NOT THAT KIND OF BOOK

"The Brimming Cup," Dorothy Canfield's latest book, seems to be selling in unusually large numbers in a town twenty miles south of the Canadian border, in the State of Washington. A book salesman with more than the ordinary percentage of curiosity, chancing into the town for a day's stay, casually inquired the reason.

The storekeeper smiled. "Oh, we're just twenty miles from the source of 'wet goods,' you know," he explained. "I didn't know how to account for the big sale myself at first, even though it is an unusually good story. But finally I found out that most of its purchasers, before they read it, were laboring under the impression that it was a book of recipes."

CARMEN SUFFERED FOR TWENTY YEARS

Louisville Man Has At Last Found What He Has Been Long Needing

W. T. Carmen, 442 South First street, Louisville, Ky., who for fifty-two years has plied his trade of repairing sewing machines in that city, says:

"Dyspepsia was the curse of my life and when I began taking Tanlac I had been suffering from stomach trouble for twenty years. My whole system was in bad condition. My joints were stiff, every bone in my body ached and I also had severe bronchial trouble.

"I can say for Tanlac it has made a new man out of me and I'm convinced it's the greatest discovery ever made in the medicine line. I was never in better physical condition in my life than I am right now, and no one, to look at me, could tell I had ever had a sick day."

Tanlac is sold by all leading drug stores. (adv)

As Bad as the Shower.

While visiting a friend who lived quite a distance from my home, a shower threatened, and I remarked: "I guess I'll go before I get wet." While passing a few more remarks I walked backward toward the door, but not noticing where I was going, I landed in a tub of water on the floor. The shower couldn't have gotten me any wetter!—Chicago Journal.

BAKER

The funeral of Mrs. Ollie Bell Baker, aged twenty, was held yesterday morning, with services conducted at the grave in the old Stull burying ground, in Clark county. Mrs. Baker, who was the wife of Cecil Baker, died at her home near Clintonville, Tuesday night, after a short illness. She was the daughter of Mr. and Mrs. J. J. Reynolds, of Bourbon county. Besides her husband, she is survived by four sisters, Miss Julia Reynolds, Mrs. Bertha Hiley, Miss Willie Reynolds and Miss Inez Reynolds, all of Bourbon county.

WELSH

The body of William F. Welsh, aged fifty-four, a former resident of the Spears Mill vicinity, in Bourbon county, who died at his home in Shelby county, after a long illness, was brought to Paris, and interred in the Paris Cemetery, where a short service was held.

Mr. Welsh resided in Paris for a short time, later moving to the Spears Mill vicinity, where he was engaged in farming. He was a brother of Mrs. J. Henry Fuhrman and Mrs. John Chisholm, both of Paris. He had been engaged in farming near Shelbyville for several years.

McMILLAN

The body was taken to Huntington, West Va., for burial. Rev. McMillan was a graduate of the Marietta, O., College, and of Lane Seminary, in Cincinnati. After traveling for a year he became pastor of the Paris Presbyterian church, later holding a pastorate at Franklin, Indiana. He was born in Burlington, Ohio, and is survived by one brother, Major Herbert C. McMillan, of Huntington, West Va. Rev. McMillan was a man of high intellectual attainments and an eloquent pulpit orator. He is well remembered here by the older members of the Paris congregation, whom he served faithfully and devotedly.

RICE.

The death of Miss Sue Rice, aged thirty-four, which occurred at the home of her sister, Mrs. Edsell Clark, at Little Rock, this county, Monday night, caused deep sorrow in the entire community. Miss Rice had been in declining health for the past four years, and had spent several months at various health resorts in the hope of gaining a restoration of health. Her condition gradually grew worse, however, and all hopes of saving her life were despaired of several weeks ago.

Miss Rice was a lifelong member of the Christian church, and was a devout Christian young woman. Until about four years ago she had made her home with her sisters, in Carlisle. Refined and amiable, she possessed all the lovely traits of character which endeared her to a large circle of friends. She was a daughter of the late Mr. and Mrs. S. A. Rice, of Carlisle, and was a graduate of the Carlisle High School.

Miss Rice is survived by five sisters, Mrs. Edsell Clark, of Little Rock, Mrs. S. H. Nicol, of Lexington, Mrs. Grant Metcalfe, of Detroit, Mich., Miss Elizabeth Rice, of Millersburg, and Miss Elton Rice, of Little Rock.

The funeral was held at the home of Mr. and Mrs. Edsell Clark, at Little Rock, Wednesday morning, with services conducted by Rev. Ward Russell. The interment took place in the Carlisle Cemetery.

MISSED FAMILIAR FACE

Visitors to the Blue Grass Fair at Lexington this year missed the familiar face of Uncle Johnnie Shell. The old man, now in his alleged 137th year, according to the bunch of fakirs who "exhibited" him at Lexington and Louisville, still hale and hearty, was this year allowed to rest in peace in his Greasy Creek home, no doubt to accumulate another small mortgage on it, so he can be "exhibited," say two years from now, by which time it is expected he will have reached the ripe old age of one hundred and seventy-five years. Uncle Johnnie was a gold mine for that bunch of Lexington grafters, but he has now ceased to be a drawing card.
